

"Let your light shine"

Remote education provision: Information for parents

This information is intended to provide clarity and transparency to parents and carers about what to expect from remote education where national or local restrictions require entire cohorts (or bubbles) to remain at home.

For details of what to expect where individual pupils are self-isolating, please see the final section of this document.

The remote curriculum: what is taught to pupils at home

A pupil's first day or two of being educated remotely might look different from our standard approach, while we take all necessary actions to prepare for a longer period of remote teaching.

What should my child expect from immediate remote education in the first day or two of pupils being sent home?

By the second day of remote education your child's class teacher will provide the link to a Microsoft Teams / Sway file that will contain the core learning that his or her class would normally be covering in school. Should your child's teacher be ill this may be delayed and/or alternative learning may be signposted or provided.
