

Dear God,

We thank you every day,  
For all the gifts you send our way.

For food, for love, for friends so true,  
And all the fun things that we do.

For animals and nature's song,  
For learning new things all day long.

For rainbows bright and skies so wide,  
For hope and love we feel inside.

Please help us share and always care,  
And show Your kindness everywhere.

Amen
